OTTERSHAW PARK ESTATE COMPANY LTD & OTTERSHAW PARK WOODLAND LTD

CHAIRMAN'S REPORT 2009

This will be our third combined AGM for OPEC and OPW.

We have had our usual range of estate matters from leaf sweeping and tennis court clearance to a fallen oak and mystery trenches on the 'Pink Road'. Also some 'not-so-mysterious' trenches on the estate there EDF Energy reinstated a failed electrical supply and familiar requests to our members to send letters to Runnymede on April's new planning application at the travellers site. So quite enough to keep us busy without our consultant's delay getting the bridge work underway and yet more work required as the Willow Farm travellers' site appeal went to Public Inquiry.

I would like to remind members that the way the estate is managed and the quality of the administrative documentation affects the value and 'sale-ability' of your property. A prospective purchaser will be encouraged to move onto an estate that is effectively and efficiently managed. (see the website for info for purchasers)

In the way of a moan, we still have a small number of late payers on annual maintenance and on deferred woodland payments, who just make our lives more difficult than they need to be! So thanks to all you prompt payers but for that hard core minority I will repeat the message from last year:

Your committee members are unpaid, so please assist us by settling invoices promptly!

I am happy to report no exceptional expenditure during 2009, so the committee is proposing to hold the annual service charge to £200 to cover woodland maintenance work and estate maintenance costs. This figure will only slowly replace our reserves following the anticipated 2009 expenditure on the bridge, something we can only properly assess when we have had a full report from the building surveyor.

2009 ACTIVITIES AND CURRENT ISSUES

Company Treasurer – volunteer needed!

Last year I told you that John Gower had resigned as our Company Secretary a position no longer required by law in small companies like OPEC and OPW. Happily during 2009 John continued as Treasurer, keeping the accounts and dealing with our banking and overseeing of property transfers and other company legalities (Many thanks John, much appreciated!).

Elizabeth McEntaggart agreed to join the committee to assist John in property matters and she has also been a great help dealing with estate issues and social events.

John has now announced his intention to relinquish ALL his committee duties by the end of 2010, so we are actively looking for someone to take on the financial aspect of his current role. So if you are good with figures please contact us. Or if you're not, but know a resident who is, then also please let us know.

If we can't get a volunteer we will have to pay an outsider to fulfill the role which I am sure we would all wish to avoid.

Woodland

We are still only maintaining the perimeter of the 3 plots, planning to identify any trees that could be a danger to road traffic. The dangerous 'hung' trees remain within the woodland areas, so please be aware that some of the area is not safe to walk. We plan to have met with a Forestry Officer before the AGM and we can report any options he may have. We have assumed members wish to minimize expenditure on the woods, so we have still not opened up any access points.

The Bridge

Work eventually started at the end of October and may be finished by the AGM. Lets see what I am able to report to members at our meeting.

Travellers' Sites

During 2009 there was a further planning application at Willow Farm and although it was rejected by Runnymede, the judge would not determine the Council's concurrent legal enforcement action while a planning matter was outstanding. So the legal process is 'on hold' until the result of the travellers' planning appeal is decided at a public inquiry. That inquiry finished on October 30th but the decision may still not be known by the time of the AGM.

Generally things outside Runnymede's control are moving in favour of the travellers, so I am not so confident in a favourable outcome but thanks to the large number of you who made the effort to attend some part of the Inquiry.

Covenants

A summary of the covenants and committee policy for implementation is available on the OPEC website www.ottershawpark.co.uk .

It is each member's responsibility to be familiar with the covenants which are owners' legal responsibilities and apply to all estate properties. Failure to get committee approval for change can lead to serious problems which if not resolved would affect the sale of a property. So please get committee approval at the planning stage, before starting work. It is in everyone's interests to avoid disputes.

Picnic in the Park.

Many thanks to Elizabeth MacEntaggert, who organized a most successful social event. I hope she has plans for 2010 to discuss with members at the AGM.

Ottershaw Park Website - www.ottershawpark.co.uk.

John Athersuch has recently modified our excellent company website, so please have a look and let us have your thoughts and ideas. We plan to have a web "gallery" of estate photographs so if you have any suitable contributions please email them to John for inclusion. If you have any photographs of the estate which you would like to see We have started sending information by email which saves us time and money, so if you have not already done so, please send your email address to john@ottershawpark.co.uk. You will then also be notified as new information is added to the website and we can contact you swiftly should the need arise.

Sewerage & Drains.

Lets say this very quietly so as not to tempt fate, "the stuff is still flowing and so far we've had no callouts during 2009!"

Estate Road Lighting.

After EDF declined to continue the maintenance service, we managed to change suppliers at no additional cost. So far it has been a successful transition.

Fairoaks Airport.

At last year's AGM 2 members were concerned with the impact of Fairoaks, particularly from helicopter noise. In July, as a consequence of criminal activity, the police helicopter moved to the security of the Army base in Odiham, Hampshire. The move has resulted in greatly reduced night

flight noise and more surprisingly also made a noticeable difference during the day. I am personally much happier now they have moved away!

Annual Service Charge - £200

In the present economic climate we plan to continue with current annual rate of £200. We must remember the bridge work will draw extensively on reserves, so we will have reduced funds available for any 'emergency' for a number of years. At the AGM we will discuss rebuilding our reserves when we have full details of current and future bridge costs. You may have noticed several long cracks appearing in the road surface, again there is no immediate crisis but they act as a reminder of where we need to be planning for future major expenditure.

Whilst the majority of Members pay the annual Service Charge promptly, a minority persist in delaying payment, in some cases for several months. In 1999 we introduced a schedule of penalty charges for late payment. We propose to seek your approval to clarify the original resolution and to modify the charges levied.

Your Committee - your thanks

As usual your volunteer committee has devoted considerable time and effort to resolving issues for the benefit of the estate.

John Gower, our treasurer, has continued the estates sound financial and legal administration. I very much regret that 2010 will be his last year on the committee but he has given us good 'notice' and we need someone from the estate to take over his role; (so please volunteer yourself or a neighbour!)

He has been assisted by Elizabeth, so our thanks to them both.

John Athersuch runs the website single-handedly, deals with estate trees (and fungi!) and is involved in all estate projects.

Thanks also to Peter Bennett the Mansion representative, for his support.

A special mention to Elizabeth McEntaggart for 'feminising' an all male club and for getting cheerfully involved in picnics and woodland.

Food & Drink - don't miss it.

Please do your best to attend the dual OPEC/OPW AGM. It is an opportunity to discuss matters and meet with other members and the committee.

I look forward to seeing you there and meeting you less formally over the cheese and wine afterwards.

Please support your committee by attending the AGM on November 26th.

Nigel Eastment, Chairman.

OTTERSHAW PARK ESTATE COMPANY LTD & OTTERSHAW PARK WOODLAND LTD
